Summary

Senior JavaScript Engineer

Experience

JavaScript Engineer at Monotype
June 2013 - Present

I've been working with amazing team of high quality professionals only on creating brilliant products and projects like Typecast, Monotype Web Font Platform and MyFonts.com.

Senior Software Engineer Web UI Team Lead Developer at SoftServe
July 2009 - June 2013 (4 years)

I worked as JavaScript developer and Team Lead of small Web UI team on Healthcare Management Systems Patient Portal project in SBU JetLab.

I worked as Senior Software Engineer (ColdFusion developer) on Acxiom project in SBU Sevastopol.

Software Developer
May 2008 - January 2012 (3 years 9 months)

I worked as webmaster on mybebook.com and ebookmall.com websites.

Independent Web Developer at ScriptLance
October 2007 - June 2009 (1 year 9 months)

It was a great time, a lot of new people, new projects with different tasks and communication with clients, gathering requirements and creating great applications and scripts as well as learning new technology and developing myself.

Web Developer
December 2005 - January 2008 (2 years 2 months)

XCart skin/templates integration

developer at Alvion Europe
July 2005 - January 2008 (2 years 7 months)

I worked on Listkey project as a member of ColdFusion Maintenance team.

Developer, System Administrator

March 2004 - July 2005 (1 year 5 months)
I maintained opensource.com.ua

Education
Sevastopol State Technical University
Master's degree, Computer Engineering, 2000 - 2005
Sevastopol School #37
1990 - 2000
